The difficulty of securing suitable teachers is felt all over and not merely in this area. The remedy for it can be found when ~~there are~~ ~~when~~ a sufficient number of educated people is available. Forcing up more Schools by granting higher rates of gr. in aid will only enhance difficulties of finding teachers in other places and the proposal can't therefore be agreed to financially.

To

P. G. D'SOUZA, ESQ., B.A., B.L.,
Secretary to the Government of H. H. the Maharaja of Mysore,
Education and Agriculture *Department.*

SIR,

I have the honour to forward herewith for the information of Government copies of letter No.780 dated 1st December last and its enclosures from the Deputy Commissioner and President, Kolar District Committee, proposing that in the Gold Field area the grant-in-aid to be given to masters maintaining schools under the scheme sanctioned in Government Order No.12022-4/Edn.304-13-3 dated 30th May 1914 may in the case of unqualified teachers be uniformally raised to Rs.8 per mensem and to Rs.10 in the case of qualified teachers. As observed by the Deputy Commissioner, there is great paucity of men, qualified or unqualified, to serve as teachers in the Gold Field area; and the same difficulty is experienced in all the Malnad and semi-Malnad Taluks. In these areas, there are very few local men available for the teaching profession and necessarily, if education is to sprea persons from outside these areas have to be imported who naturall expect to get higher remuneration and who cannot also command the same conveniences as local men can on the existing rates of grant in-aid. I therefore beg to recommend to Government that Mr. Bowring's proposal may be sanctioned, with however a modification. Instead of raising the existing rates of Rs.5, 6 or Rs.7 per month

to

to Rs.8 and Rs.10, I propose that the present rates may stand as they are, but an allowance of Rs.2 extra may be attached to each master employed in the Gold Field, Malnad and semi-Malnad areas.

I have the honour to be,

Sir,

Your most obedient servant,

Letter No.780 dated 1st December 1915 from the Deputy Commissioner, Kolar District to the Inspector General of Education in Mysore.

I have the honour to state that the Amildar of Bowringpet complains that it is difficult to find qualified men for the schools to be started in his Taluk, as the pay now provided for the teachers of the Elementary schools is insufficient owing to the costly living in that place.

2. His report in original and an extract from his report for the quarter ending 30th June 1915, together with the extracts from the resolutions of the Education Sub-Committee and the District Committee are herewith forwarded for favour of consideration.

3. In this connection, I have the honour to add that the Government being fully aware of the difficulties experienced by officials of all Departments in this Taluk, have sanctioned local allowances on account of the proximity of the Gold Mines.

4. I request you therefore to be so good as to consider over the case and sanction the increase of pay to Rs.8 for the unqualified teachers and Rs.10 for the qualified teachers, as a special case.

TNR.

Letter No.270 dated 25th October 1915 from the Amildar, Bowringpet Taluk to the Deputy Commissioner, Kolar District.

In enclosing an extract from the quarterly report dated 22-7-1915 of Model Villages of this Taluk with your order thereon, I beg to reiterate the opinion expressed therein re. the insufficiency of pay provided for elementary school teachers. Especially in this Taluk, where living is costly and there are ample facilities for even unqualified men to earn Rs.10 a month at the least; the small pay of Rs.5 to 7 now allowed to the teachers does not attract qualified men for the posts. I beg to strongly suggest that a special scale of pay of Rs.8 to 10 a month may kindly be sanctioned for this Taluk so as to bring the village elementary education scheme into full working order.

There was a grant-in-aid school at Hunasanhally, but it is now temporarily closed, the services of a qualified teacher not being available. The small pay of Rs.7 has not attracted any teacher for the vacant post. There is a dearth for qualified men in the Taluk owing to its proximity to the Kolar Gold Field, where there are ample facilities for an unqualified man to earn Rs.10 to Rs.15 per mensem, at the same time living is dear in this Taluk. For these reasons it is found very difficult to secure the services of qualified teachers. I therefore propose that some special allowance by way of encouragement may be recommended to be sanctioned for school masters of this Taluk.

SIR,

With reference to your letter No.4169/Edn.81-15-2 dated 23rd February 1916, I have the honour to state that there are at present 144 aided Village Elementary Schools in the Malnad parts of Shimoga, Kadur and Hassan Districts and 46 such schools in the Gold Fields Area. The allowance at the rate of Rs.2 per month to each master will amount to Rs.380 or Rs.4,560 per annum.

2. No extra amount need be sanctioned to pay these allowances. The expenditure can be met from the budgeted allotment of Rs.84,000 made from year to year for the opening of 1,000 aided Village Elementary Schools. The rate of grant for each school is calculated at the maximum rate of Rs.7, but in practice, the grants given are at the rates of Rs.5, Rs.6 and Rs.7 per month. Hence the maximum allotment of Rs.84,000 in the Budget is not all spent and the extra amount needed for the schools in the Malnad and the Gold Field areas can be met from the savings under the Budget allotment.

3. The Gold Fields area may be a rich area, but I regret to state that the people living in the area are given to speculation and the teachers are not able to collect any extra amount from them.
